Our Values

Professional Secretariat

Assigning the order to its people: achieving honesty, and therefore the best experts are selected as members of a integration team, in accordance with the actual qualifications, expertise and self-abilities prepared to provide the best advisory and training solutions, to achieve goals and develop performance.

Continuous development and improvement

"Those who have not advanced are outdated" Continuous development and improvement in the integration of tools, methods, work systems, plans, strategies and solutions proposed to achieve the goals, keep up with the latest technical methods globally, and transfer and apply them in Saudi Arabia and the Arab world.

Work Team spirit

All employees in the PTC are united by the principle of cooperation, and the spirit of the team, which seeks to achieve the goals by developing continuous performance through cooperation within the organization and cooperation with customers as if they were members of the internal team.

Our Challenges

There is no success to PTC except to achieve the tangible benefit of the customer (achieving development, continuity and growth) and is our main challenge to move together towards success.
